

Shade Tree Minutes

We logged on to Google-meet with Ron Farr (he was in Florida), and he presented our indoor seminar specifically about conducting a hazardous tree survey. He will send us parts of the presentation along with a sample spread sheet and other information. Doing the survey depends on us getting the grant money.

We received the "Pre-Award Risk Assessment Questionnaire" from Patricia Shapella at DEP NJ Gov. We went over each question and we feel it is something more appropriate for a non-profit entity. PZ to let Brian McNeilly know that we think it should be sent over to the folks at Millennium to handle.

Roe Maio reported on a homeowner who has removed a tree or trees without a permit. PZ to send our "you need a permit" letter. The property is the north/west corner of McKinley and Linden Ave. The wood is cut and stacked in

such a way that it appears it is being used for heating purposes.

The meeting was adjourned at 8:30 PM.

Respectfully submitted
