Reports

Sanitarian:

Activity report received. Copies of reports placed on file.

Bell's Mansion - normally when an issue like no soap comes up during an inspection it's corrected right away but not in this case. Since Denise did not do the inspection she was unaware of what the basement situation was. They might have moved the location of items in basement. They moved food items to a drier location due to leak. Denise will follow up with Christine Davey about how long they have to correct issues.

58 Brooklyn Rd - path was cleared in basement and no evidence of cat feces. Denise went to town and informed them that it was cleaned up enough for Water Dept.

Animal Control Officer:

October, November, and December reports received. Reviewed reports.

We are only receiving reports when we receive a bill. We are no longer getting monthly reports and the bills are being submitted later than expected.

Secretary:

Woman was in the office explaining that the Condo Association was threatening to remove a cat that she is feeding outside. We gave her a copy of the ordinance 79-13 Seizure and Impoundment and suggested she check the Associations By-Laws.
