Minutes of FebFebruary 8, 2017 meeting were accepted on a motion by J. Savino seconded by P. Zeliff-Murphy.

Abstained: T. Romano

Motion carried.

Reports

Sanitarian:

Denise was on medical leave and she was told there was no report for February. She reviewed January's report and will get back to us about 3 Baker Place's septic inspection.

58 Brooklyn Road- received complaint from DPW. They were attempting to replace the water meter which required them to turn off shut off in basement. The shut off was broken and they will have to return when it has been repaired.

Due to the condition of the basement they will not be returning until it's cleaned up. It is difficult to maneuver in basement due to old car parts and mounds of cat feces. DPW is also concerned for the elderly woman they believe lives there. Denise spoke to the woman and she is a friend of the owner and doesn't live there. Since the owner was not there Denise was not able to inspect inside. She made an appointment Thursday and hopefully will be able to enter the home. She cannot site them unless someone complains outside the home about odor.

Animal Control Officer:

No reports received.

Spoke to Administrator about not getting any reports from ACO and as of this meeting we haven't heard from Hopatcong.

Secretary:

Received OPRA request for 15 Kelly Place and 85 Main Street. We had nothing pertaining to request.

Verbal request for information on 20 Kingsland Ave and we did not have anything on property.

Motion by J. Savino and seconded by P. Zeliff-Murphy to accept reports. Motion carried by unanimous vote of those present.
